

Spectralink 7522 and 7532

Stylish and Feature-rich Handsets
for Administrative Personnel

The Spectralink 7522 and 7532 are elegant yet robust with a long list of features specially designed to increase mobility and productivity for mobile workers in administrative environments. The large colour display and the intuitive menu structure make the handsets a valuable and preferred choice for mobile workers in administrative environments across the range of vertical markets.

Business Benefits

Ease of use is key for any handset. Without it the handset fails to be a valuable tool for the employee on the move. The Spectralink 7522 and 7532 leverages an intuitive design making it easy to use for any user.

With the Spectralink 7522 and 7532, employees benefit from increased productivity and optimised daily workflow with easier and faster access to the information they need to perform their tasks.

Moreover, the Spectralink 7522 and 7532 are certified and tested with PBX market leaders.
