

Wavelink Receives 2018 Digium Pinnacle Partner Award

Wavelink Awarded Digium® Pinnacle Partner Award for Outstanding Sales and Service of Switchvox Business Phone Systems and Asterisk Custom Communications

Annual Awards Recognise Top Digium Partners Worldwide Who Deliver Unparalleled VoIP Solutions and Services

March 7, 2018, Sydney - Wavelink, a leader in providing enterprise solutions, including VoIP business phones systems, to the channel, today announced it has been awarded a 2018 Digium Pinnacle Partner award in the category of Asia-Pacific Distributor of the Year. These Pinnacle Partner awards are presented annually to leading Digium partners who have excelled in developing and growing their partnership with Digium and driving customer success for either Switchvox Unified Communications (UC) or Asterisk Custom Communications solutions. Wavelink is one of the outstanding organisations selected based on 2017 sales and commitment to customer satisfaction.

Ilan Rubin, managing director, Wavelink, said, "Wavelink has been a distributor for Digium in Australia for almost 10 years. Digium's ongoing innovation and market leadership in the VoIP, IP PBX and small to medium-sized business unified communications space has ensured the ongoing strength of our relationship. Wavelink is focused on combining a range of complementary global technology with our local market expertise to distribute and support the brands that we represent, and Digium fits in perfectly with that strategy."

"Each year, it's an honour to recognise so many of our channel partners who have committed to servicing their customers and growing their businesses with Digium solutions," said Wayne Landt, Director of Worldwide Channel Sales for Digium. "The Pinnacle Awards serve as appreciation for those partner organisations that have helped to expand our worldwide base of customers through the delivery of our affordable, feature-rich Switchvox phone system and custom Asterisk-based communication solutions."

About Digium

Digium®, Inc. provides Asterisk® software, telephony hardware, and on-premises and hosted Switchvox business phone systems that deliver enterprise-class Unified Communications (UC) and UC as a Service (UCaaS) solutions at an affordable price. Digium is the creator, primary developer and sponsor of the Asterisk project; the world's most widely used open source communications software. Asterisk turns an ordinary computer into a feature-rich communications server. A community of more than 80,000 developers and users worldwide uses Asterisk to create VoIP communication solutions in more than 170 countries. Since 1999, Digium has empowered developers to create innovative communications solutions based on open standards and open source software, providing an alternative to proprietary phone systems. Digium's business communications products are sold through a worldwide network of reseller partners. More information is available at www.digium.com and www.asterisk.org.
